“The Pervasive Influence of Personalities and Ideas on Human History”

Maharishi’s Explanations of:

- 1) How two major spiritual traditions, the Vedic and the Judeo-Christian-Islamic, developed over the last 5,000 years
- 2) The many roles Maharishi played in those developments
- 3) How his personality developed its characteristic traits over those millennia
- 4) His unexpected spiritual crisis after his mahasamadhi on February 5, 2008
- 5) His successful resolution of that crisis with the help of his friends
- 6) The surprising conclusions he and his friends have reached to effect the spiritual regeneration of the Movement created long ago for the benefit of the human race

Hearing these clear explanations should disintegrate many deeply embedded but totally unnecessary fears

These Explanations and related Messages will be delivered at Maharishi’s request on:
